Key Word Index

Adrenal medulla
sympathetic nervous system; catecholamine; norepinephrine; epinephrine, 233
Adrenergic antagonist
salivary Na, K; sympathetic nerve; rat saliva, 65
α-Adrenergic drug
β-adrenergic drug; atropine methylnitrate; stress ulcer; cholinergic–adrenergic interaction, 265
β-Adrenergic drug
α-adrenergic drug; atropine methylnitrate; stress ulcer; cholinergic–adrenergic interaction, 265
Adrenergic innervation
cholinergic innervation; peptidergic innervation; prostate; diabetic rat, 103
α_1-Adrenoceptor
ontogeny; cholinergic; atria; ventricle; hypertension; Dahl rat, 207
Anterograde tracing
visceral afferent; vagus; esophagus; myenteric plexus; rat, 243
Appetite regulation
food intake; sodium pump; Na^+/K^+-ATPase; ouabain; metabolic receptor; vagal afferent; hepatic vagotomy; rat, 199
Arterial baroreceptor
cardiopulmonary baroreceptor; resetting; dog; blood pressure; phenylephrine, 87
Arterial pressure
oxytocin; intrathecal; heart rate; spinal cord; sympathetic; cardiovascular control; peptide, 167
Atenolol
pentobarbital; urethane; sympathetic; parasympathetic; methyl-atropine, 121
Atria
ontogeny; α_1-adrenoceptor; cholinergic; ventricle; hypertension; Dahl rat, 207
Atrioventricular innervation
sinoatrial node innervation; selective vagal supply to sinoatrial node (SAN); sympathetic innervation of sinoatrial node (SAN), 13
Atropine methylnitrate
α-adrenergic drug; β-adrenergic drug; stress ulcer; cholinergic–adrenergic interaction, 265
Autonomic control
cardiac parasympathetic innervation; postganglionic fiber; preganglionic fiber, 91

Baroreceptor reflex
pentobarbital; renal nerve activity; sinoartic baroreceptor denervation; conscious rabbit, 57
Blood glucose
insulin secretion; circadian rhythm; nucleus suprachiasmaticus; parasympathetic nervous system, 113
Blood pressure
cardiopulmonary baroreceptor; arterial baroreceptor; resetting; dog; phenylephrine, 87
Bufo marinus
immunohistochemistry; vagus nerve; connectivity; somatostatin; substance P; vasocative intestinal peptide, 43

Calcitonin gene-related peptide (CGRP)
lung; retrograde tracing; spinal ganglion; trachea; vagus nerve, 155
Cardiac parasympathetic innervation
autonomic control; postganglionic fiber; preganglionic fiber, 91
Cardiopulmonary baroreceptor
arterial baroreceptor; resetting; dog; blood pressure; phenylephrine, 87
Cardiovascular control
oxytocin; intrathecal; arterial pressure; heart rate; spinal cord; sympathetic; peptide, 167
Cardiovascular system
reserpine; 6-hydroxydopamine; noradrenaline; neuropeptide Y, 257
Cat
femoral-saphenous vein; vascular afferent; dorsal root ganglion; horseradish peroxidase, 1
Cat
hypothalamus; gastrointestinal motility, 147
Catecholamine
sympathetic nervous system; adrenal medulla; norepinephrine; epinephrine, 233
Central baroreceptor pathway
nucleus tractus solitarius; paraventricular nucleus; Kölliker–Fuse nucleus; subretrofacial nucleus; descending sympathoexcitatory pathway; sympathetic preganglionic nucleus, 73
Cholinergic
ontogeny; α_1-adrenoceptor; atria; ventricle; hypertension; Dahl rat, 207
Cholinergic–adrenergic interaction
α-adrenergic drug; β-adrenergic drug; atropine methylnitrate; stress ulcer, 265
Cholinergic antagonist
muscarinic receptor; human urinary bladder; human parotid gland; quinuclidinyl benzilate (QNB), 129
Cholinergic innervation
Adrenergic innervation; peptidergic innervation; prostate; diabetic rat, 103

0165-1838/87/$03.50 © 1987 Elsevier Science Publishers B.V. (Biomedical Division)

Ciliary ganglion
5-hydroxytryptamine; parasympathetic nervous system; ganglionic transmission, 137
Circadian rhythm
insulin secretion; blood glucose; nucleus suprachiasmaticus; parasympathetic nervous system, 113
Connectivity
immunohistochemistry; vagus nerve; *Bufo marinus*; somatostatin; substance P; vasoactive intestinal peptide, 43
Conscious rabbit
pentobarbital; renal nerve activity; baroreceptor reflex; sinoaortic baroreceptor denervation, 57
Cornea
superior cervical ganglion; horseradish peroxidase (HRP); sympathetic innervation, 179

Dahl rat
ontogeny; α_1-adrenoceptor; cholinergic; atria; ventricle; hypertension, 207
Descending sympathoexcitatory pathway
nucleus tractus solitarius; paraventricular nucleus; Kölliker–Fuse nucleus; subretrofacial nucleus; central baroreceptor pathway; sympathetic preganglionic nucleus, 73
Diabetic rat
adrenergic innervation; cholinergic innervation; peptidergic innervation; prostate, 103
Dog
cardiopulmonary baroreceptor; arterial baroreceptor; resetting; blood pressure; phenylephrine, 87
Dog stomach
long lasting contraction; splanchnic nerve stimulation; substance P, 35
Dorsal root ganglion
femoral-saphenous vein; vascular afferent; horseradish peroxidase; cat, 1

β-Endorphin
hyperglycemia; plasma epinephrine; sympathetic outflow; plasma glucagon; intracisternal administration, 221
Epinephrine
sympathetic nervous system; adrenal medulla; catecholamine; norepinephrine, 233
Esophagus
visceral afferent; vagus; myenteric plexus; anterograde tracing; rat, 243

Femoral-saphenous vein
vascular afferent; dorsal root ganglion; horseradish peroxidase; cat, 1
Food intake
appetite regulation; sodium pump; Na^+/K^+-ATPase; ouabain; metabolic receptor; vagal afferent; hepatic vagotomy; rat, 199

Ganglionic transmission
5-hydroxytryptamine; parasympathetic nervous system; ciliary ganglion, 137
Gastrointestinal motility
cat; hypothalamus, 147

Heart rate
oxytocin; intrathecal; arterial pressure; spinal cord; sympathetic; cardiovascular control; peptide, 167
Hepatic vagotomy
food intake; appetite regulation; sodium pump; Na^+/K^+-ATPase; oubain; metabolic receptor; vagal afferent; rat, 199
Horseradish peroxidase
femoral-saphenous vein; vascular afferent; dorsal root ganglion; cat, 1
Horseradish peroxidase (HRP)
cornea; superor cervical ganglion; sympathetic innervation, 179
Human parotid gland
muscarinic receptor; human urinary bladder; cholinergic antagonist; quinuclidinyl benzilate (QNB), 129
Human urinary bladder
muscarcinic receptor; human parotid gland; cholinergic antagonist; quinuclidinyl benzilate (QNB), 129
6-Hydroxydopamine
reserpine; noradrenaline; neuropeptide Y; cardiovascular system, 257
5-Hydroxytryptamine
parasympathetic nervous system; ciliary ganglion; ganglionic transmission, 137
Hyperglycemia
β-endorphin; plasma epinephrine; sympathetic outflow; plasma glucagon; intracisternal administration, 221
Hypertension
ontogency; α_1-adrenoceptor; cholinergic; atria; ventricle; Dahl rat, 207
Hypertension
sympathetic nervous system; regional blood flow; spontaneously hypertensive rat; stress, 185
Hypothalamus
cat; gastrointestinal motility, 147

Immunohistochemistry
vagus nerve; connectivity; *Bufo marinus*; somatostatin; substance P; vasoactive intestinal peptide, 43
Insulin secretion
blood glucose; circadian rhythm; nucleus suprachiasmaticus; parasympathetic nervous system, 113
Intestinal motility
substance P; tachykinin; teleost, 25
Intracisternal administration
hyperglycemia; β-endorphin; plasma epinephrine; sympathetic outflow; plasma glucagon, 221
Intrathecal
oxytocin; arterial pressure; heart rate; spinal cord; sympathetic; cardiovascular control; peptide, 167

Kölliker–Fuse nucleus
nucleus tractus solitarius; paraventricular nucleus; subret-

rofacial nucleus; central baroreceptor pathway; descending sympathoexcitatory pathway; sympathetic preganglionic nucleus, 73

Long lasting contraction
dog stomach; splanchnic nerve stimulation; substance P, 35

Lung
calcitonin gene-related peptide (CGRP); retrograde tracing; spinal ganglion; trachea; vagus nerve, 155

Metabolic receptor
food intake; appetite regulation; sodium pump; Na^+/K^+-ATPase; ouabain; vagal afferent; hepatic vagotomy; rat, 199

Methyl-atropine
pentobarbital; urethane; sympathetic; parasympathetic; atenolol, 121

Muscarinic receptor
human urinary bladder; human parotid gland; cholinergic antagonist; quinuclidinyl benzilate (QNB), 129

Myenteric plexus
visceral afferent; vagus; esophagus; anterograde tracing; rat, 243

Na^+/K^+-ATPase
food intake; appetite regulation; sodium pump; ouabain; metabolic receptor; vagal afferent; hepatic vagotomy; rat, 199

Nasal mucosa
neuropeptide Y; noradrenaline; vasoconstriction; reserpine, 189

Neuropeptide Y
nasal mucosa; noradrenaline; vasoconstriction; reserpine, 189

Neuropeptide Y
reserpine; 6-hydroxydopamine; noradrenaline; cardiovascular system, 257

Noradrenaline
nasal mucosa; neuropeptide Y; vasoconstriction; reserpine, 189

Noradrenaline
reserpine; 6-hydroxydopamine; neuropeptide Y; cardiovascular system, 257

Norepinephrine
sympathetic nervous system; adrenal medulla; catecholamine; epinephrine, 233

Nucleus suprachiasmaticus
insulin secretion; blood glucose; circadian rhythm; parasympathetic nervous system, 113

Nucleus tractus solitarius
paraventricular nucleus; Kölliker–Fuse nucleus; subretrofacial nucleus; central baroreceptor pathway; descending sympathoexcitatory pathway; sympathetic preganglionic nucleus, 73

Ontogeny
α_1-adrenoceptor; cholinergic; atria; ventricle; hypertension; Dahl rat, 207

Ouabain
food intake; appetite regulation; sodium pump; Na^+/K^+-ATPase; metabolic receptor; vagal afferent; hepatic vagotomy; rat, 199

Oxytocin
intrathecal; arterial pressure; heart rate; spinal cord; sympathetic; cardiovascular control; peptide, 167

Parasympathetic
pentobarbital; urethane; sympathetic; methyl-atropine; atenolol, 121

Parasympathetic nervous system
5-hydroxytryptamine; ciliary ganglion; ganglionic transmission, 137

Parasympathetic nervous system
insulin secretion; blood glucose; circadian rhythm; nucleus suprachiasmaticus, 113

Paraventricular nucleus
nucleus tractus solitarius; Kölliker–Fuse nucleus; subretrofacial nucleus; central baroreceptor pathway; descending sympathoexcitatory pathway; sympathetic preganglionic nucleus, 73

Pentobarbital
renal nerve activity; baroreceptor reflex; sinoaortic baroreceptor denervation; conscious rabbit, 57

Pentobarbital
urethane; sympathetic; parasympathetic; methyl-atropine; atenolol, 121

Peptide
oxytocin; intrathecal; arterial pressure; heart rate; spinal cord; sympathetic; cardiovascular control, 167

Peptidergic innervation
adrenergic innervation; cholinergic innervation; prostate; diabetic rat, 103

Phenylephrine
cardiopulmonary baroreceptor; arterial baroreceptor; resetting; dog; blood pressure, 87

Plasma epinephrine
hyperglycemia; β-endorphin; sympathetic outflow; plasma glucagon; intracisternal administration, 221

Plasma glucagon
hyperglycemia; β-endorphin; plasma epinephrine; sympathetic outflow; intracisternal administration, 221

Postganglionic fiber
cardiac parasympathetic innervation; autonomic control; preganglionic fiber, 91

Preganglionic fiber
cardiac parasympathetic innervation; autonomic control; postganglionic fiber, 91

Prostate
adrenergic innervation; cholinergic innervation; peptidergic innervation; diabetic rat, 103

Quinuclidinyl benzilate (QNB)
muscarinic receptor; human urinary bladder; human parotid gland; cholinergic antagonist, 129

Rat
food intake; appetite regulation; sodium pump; Na^+/K^+-ATPase; ouabain; metabolic receptor; vagal afferent; hepatic vagotomy, 199
Rat
visceral afferent; vagus; esophagus; myenteric plexus; anterograde tracing, 243
Rat saliva
salivary Na, K; sympathetic nerve; adrenergic antagonist, 65
Regional blood flow
hypertension; sympathetic nervous system; spontaneously hypertensive rat; stress, 185
Renal nerve activity
pentobarbital; baroreceptor reflex; sinoartic baroreceptor denervation; conscious rabbit, 57
Reserpine
6-hydroxydopamine; noradrenaline; neuropeptide Y; cardiovascular system, 257
Reserpine
nasal mucosa; neuropeptide Y; noradrenaline; vasoconstriction, 189
Resetting
cardiopulmonary baroreceptor; arterial baroreceptor; dog; blood pressure; phenylephrine, 87
Retrograde tracing
calcitonin gene-related peptide (CGRP); lung; spinal ganglion; trachea; vagus nerve, 155

Salivary Na, K
sympathetic nerve; adrenergic antagonist; rat saliva, 65
Selective vagal supply to sinoatrial node (SAN)
sinoatrial node innervation; atrioventricular innervation; sympathetic innervation of sinoatrial node (SAN), 13
Sinoartic baroreceptor denervation
pentobarbital; renal nerve activity; baroreceptor reflex; conscious rabbit, 57
Sinoatrial node innervation
atrioventricular innervation; selective vagal supply to sinoatrial node (SAN); sympathetic innervation of sinoatrial node (SAN), 13
Sodium pump
food intake; appetite regulation; Na^+/K^+-ATPase; ouabain; metabolic receptor; vagal afferent; hepatic vagotomy; rat, 199
Somatostatin
immunohistochemistry; vagus nerve; connectivity; *Bufo marinus;* substance P; vasoactive intestinal peptide, 43
Spinal cord
oxytocin; intrathecal; arterial pressure; heart rate; sympathetic; cardiovascular control; peptide, 167
Spinal ganglion
calcitonin gene-related peptide (CGRP); lung; retrograde tracing; trachea; vagus nerve, 155
Splanchnic nerve stimulation
dog stomach; long lasting contraction; substance P, 35
Spontaneously hypertensive rat
hypertension; sympathetic nervous system; regional blood flow; stress, 185
Stress
hypertension; sympathetic nervous system; regional blood flow; spontaneously hypertensive rat, 185
Stress ulcer
α-adrenergic drug; β-adrenergic drug; atropine methylnitrate; cholinergic–adrenergic interaction, 265
Subretrofacial nucleus
nucleus tractus solitarius; paraventricular nucleus; Kölliker–Fuse nucleus; central baroreceptor pathway; descending sympathoexcitatory pathway; sympathetic preganglionic nucleus, 73
Substance P
tachykinin; intestinal motility; teleost, 25
Substance P
dog stomach; long lasting contraction; splanchnic nerve stimulation, 35
Substance P
immunohistochemistry; vagus nerve; connectivity; *Bufo marinus*; somatostatin; vasoactive intestinal peptide, 43
Superior cervical ganglion
cornea; horseradish peroxidase (HRP); sympathetic innervation, 179
Sympathetic
oxytocin; intrathecal; arterial pressure; heart rate; spinal cord; cardiovascular control; peptide, 167
Sympathetic
pentobarbital; urethane; parasympathetic; methyl-atropine; atenolol, 121
Sympathetic innervation
cornea; superior cervical ganglion; horseradish peroxidase (HRP), 179
Sympathetic innervation of sinoatrial node (SAN)
sinoatrial node innervation; atrioventricular innervation; selective vagal supply to sinoatrial node (SAN), 13
Sympathetic nerve
salivary Na, K; adrenergic antagonist; rat saliva, 65
Sympathetic nervous system
adrenal medulla; catecholamine; norepinephrine; epinephrine, 233
Sympathetic nervous system
hypertension; regional blood flow; spontaneously hypertensive rat; stress, 185
Sympathetic outflow
hyperglycemia; β-endorphin; plasma epinephrine; plasma glucagon; intracisternal administration, 221
Sympathetic preganglionic nucleus
nucleus tractus solitarius; paraventricular nucleus; Kölliker–Fuse nucleus; subretrofacial nucleus; central baroreceptor pathway; descending sympathoexcitatory pathway, 73
Tachykinin
substance P; intestinal motility; teleost, 25
Teleost
substance P; tachykinin; intestinal motility, 25
Trachea
calcinotonin gene-related peptide (CGRP); lung; retrograde tracing; spinal ganglion; vagus nerve, 155

Urethane
pentobarbital; sympathetic; parasympathetic; methyl-atropine; atenolol, 121

Vagal afferent
food intake; appetite regulation; sodium pump; Na^+/K^+-ATPase; ouabain; metabolic receptor; hepatic vagotomy; rat, 199

Vagus
visceral afferent; esophagus; myenteric plexus; anterograde tracing; rat, 243

Vagus nerve
calcitonin gene-related peptide (CGRP); lung; retrograde tracing; spinal ganglion; trachea, 155

Vagus nerve
immunohistochemistry; connectivity; *Bufo marinus;* somatostatin; substance P; vasoactive intestinal peptide, 43

Vascular afferent
femoral-saphenous vein; dorsal root ganglion; horseradish peroxidase; cat, 1

Vasoactive intestinal peptide
immunohistochemistry; vagus nerve; connectivity; *Bufo marinus*; somatostatin; substance P, 43

Vasoconstriction
nasal mucosa; neuropeptide Y; noradrenaline; reserpine, 189

Ventricle
ontogeny; α_1-adrenoceptor; cholinergic; atria; hypertension; Dahl rat, 207

Visceral afferent
vagus; esophagus; myenteric plexus; anterograde tracing; rat, 243
